Reported Suicide of Frank Aubertin.

It was reported on the street, yesterlay, that Frank Aubertic, late night watchman 'at the depot, had committed suicide, the news being brought into town by one of his sons who has just arrived from Canada. He was visited by his father at St. Johns, P. Q, he said, and together they went to Montreal, and from there to La Prairie, P. Q, last hands, Saturday, stopping at a hotel in the latter place. Er. Louis, Nov. 29. dissipaers appointed by the Circuit Court to recount the vote cast August 22 last for and against what was known as the "scheme and charter," a scheme to separate the city from the county, have unearthed sumerous irregularities and very gross blunders by the judges of the election. There seems to be no doubt that the proposition was carried by a large majority, but frauds defeated it. As an instance, William Kelly and William Roper, judges of election at the central precinct of the Ninth ward, have made depositions to the effect that they took the ballots for the scheme and charter from the ballot-boxes and substituted ballots against that proposition. They also deposited ballots against the proposition, numbering and crediting them to persons who did not vote at all. They swear that perhaps not more than 600 votes were cast at their poll, a maority of which were for the scheme and charter, but they returned a vote of 82 for and 1,307 against the proposition.

ANOTHER REPUBLICAN CONGRESSMAN. In the Metcalf-Frost case Judge Lindley this morning ordered a peremptory mandamus to issue compelling the county clerk to change the returns of precinct No. 57 from 292 to 272, as it was originally written, and to certify the returns of the third congressional district to the Secretary of State. In conform:ty with this order this will give Metcalf, the Republican candidate, a majority.

From Washington. GETTING READY FOR CONGRESS.

WASHINGTON, Nov. 29. Nearly all the annual reports of the heads of the departments are completed, and the substance of all of them has been handed to the President for reference during the preparation of the message. Secretary Morrill has completed the treasury report, and is now engaged in reading proof. The attorney general is preparing a report, which will probably be ready to lay before congress when the President's message is sent in.

THE DEBT STATEMENT to be issued December 1, will show a decre ase of the public debt, but it will not be so heavy a reduction as has been the case in the last few months. THE GOVERNMENT FOR THE DISTRICT OF
